10. The Stores Purchase Committee will arrange for a test analysis of the coal drawn from the supply made by the contractor to see if the actual supply received is according to the accepted quality. The contractors should be prepared to defray the cost of such analysis viz., Rs. 30. If the quality supplied is found to be otherwise than according to the accepted quality, the supply will be rejected at the risk of contractors, who should arrange to replace the same by that of correct quality, free of cost, to Government.

11. During the execution of this contract, should any question arise respecting the goods contracted for, the contractors should abide by the decision of the Stores Purchase Committee.
